

ECHO HOUSING

**PEOPLE OF ALL
BACKGROUNDS ARE
ENCOURAGED TO APPLY**

ECHO Housing is conducting a free training for persons interested in assisting us to uncover housing discrimination in the Bay Area.

ECHO Housing is a Qualified Fair Housing Enforcement Organization.

Our Fair Housing Specialists document complaints of housing discrimination and investigate fair housing complaints. Fair Housing Testers are trained to pose as home seekers, collect information, and report back to Staff about their experiences.

Testers work as independent contractors for ECHO on an as-needed, on-call basis. The frequency with which testers are called is determined by the types of cases investigated.

Compensation for the project is \$45 per test and 45 cents per mile.

ECHO Housing cannot accept trainees with previous drug, perjury, or felony convictions.

To register, or for more information, please contact Angie at 855-ASK-ECHO, or via email at: angie@echofairhousing.org.
